

PRESS RELEASE

FOURNELL MAKES PIONEERING INVESTMENT IN ROE VISUAL'S TOPAZ LED PANEL

Leek, The Netherlands (10 October 2023) – German-based fournell showtechnik GmbH proudly announces being the first company to invest in ROE Visual's revolutionary Topaz LED panel series. With unwavering confidence in the quality, ease of use, and durability offered by Topaz, Fournell eagerly anticipates the integration of these modules into their rental inventory, further bolstering their DryHire & Full Service capabilities.

At its core, the [Topaz Series](#) includes standard LED panels that uphold the highest quality standards ROE Visual is known for. What truly sets Topaz apart is its remarkable versatility. This series encompasses curved panels and specially engineered panels that seamlessly assemble to form 90-degree corners and cubes, unlocking limitless possibilities for stage setups and visual storytelling.

[fournell](#) recognizes the strategic advantage of the Topaz Series, developed by ROE Visual, with an astute understanding of the importance of profitability for rental companies. By seamlessly combining affordability with the renowned quality that users have come to expect from ROE Visual, Topaz empowers rental companies to excel in the competitive market while delivering unparalleled visual experiences to their clients.

"The consistently positive experience we have had with ROE Visual and their wide range of products made it easy to decide to invest in the new Topaz series. We are convinced of the quality, the easy handling, the durability, and the associated sustainability. The feedback and enthusiasm of our customers clearly shows that we are on the right track," states Holger Amann, Managing Director at fournell showtechnik GmbH.

"With the new Topaz LED modules, we are positioning ourselves broadly in terms of quantity to meet future requirements. The new Cube and Curve modules enable us to implement creative setups quickly and easily. We are wholeheartedly convinced of the quality and success of the new Topaz series and are thrilled to have these modules in our rental fleet very soon. Adding the Topaz Series to our other ROE Visual LED products, we can further expand our Dry Hire & Full Service area", Amann continues.

As the first company to embrace Topaz, fournell underscores its dedication to staying on the cutting edge of technology in the event industry, setting a benchmark to inspire others. The Topaz LED panel series from ROE Visual will elevate visual experiences and create excellent event production possibilities.
